Placement for all students is based on...

*Active participation, advanced-level contributions, technical and choreographic talent,
ability to meet expectations and deadlines, and integrity in past or current dance class
(if applicable).

*Teacher-recommendation (Recommendations from students' past or current teachers in
all subject areas may be solicited by dance teachers).

*Talent level of all students that audition.

We are expecting more students to audition for the Advanced Dance and Dance Production
than we have places for. At the end of auditions, we will be ranking students according to
their scores on level of technique, performance, creativity, past or current dance class
performance (see above), and teacher recommendation (see above). Students' ranking
determines which class they will be placed in.

Please indicate below which levels you are interested in.

Your response is final and helps us accurately place each student who auditions. Please
