Looking to win its first varsity league championship since 2010, both the girls and boys cross-country teams, in their first of three league cluster meets, started league on a high note. The varsity boys team sits atop the overall standings, while the girls varsity team sits in a close second place behind Sunny Hills High School.

The girls volleyball team enters the second round of league play with a 3-2 record. After losing a tough match in 5 sets to La Habra, the Lady Warriors bounced back with an important win over Sunny Hills last night. They look to continue their winning ways vs Fullerton High School on Thursday at Troy. The varsity match will begin around 5:30 PM in the north gym.

The Troy football team, coming off of its first win of the season over Savanna High School, starts league play against its cross town rival Fullerton Indians. It's a home game for the Warriors this Friday night at Fullerton District Stadium. Game time is 7:00 PM.

Our Lady Warrior tennis team is currently ranked 3rd in Orange County. They have won decisively in each of their league matches thus far. The Fullerton Indians come to Troy this week; they will bring their best and look to knock off the Warriors.

Troy's Coach of Character - Lester Maldonado

Each year, the Orange County Athletic Director's Association (OCADA), recognizes coaches from around Orange County that demonstrate strong character and integrity in coaching. I am honored to announce boys varsity soccer coach Lester Maldonado as Troy High School's 2019 Coaches of Character award recipient. Both in the classroom and on the field, Lester exemplifies leadership characteristics, such as discipline, integrity and commitment. Last year his boy's soccer team earned a spot in the CIF Division 4 Finals and a spot in the California Division 4 State Finals. Congratulations to Lester for this tremendous honor.
