LOSS/DAMAGE OF PERSONAL PROPERTY

Textbook and gym lockers are made available for student use while in school. Students are responsible for the security of their book lockers. As lockers are not totally safe from break-in or vandalism, it is strongly recommended that valuables not be left in them at any time. Personal belongings, school books, equipment and materials checked out to the students are the responsibility of the students. In the event that a theft occurs, students must fill out a theft report in the Activities Office. The school will take every reasonable action possible within our resources to protect student property, **but neither the school nor the Fullerton Joint Union High School District is responsible for losses occurring from anything placed in these lockers or any other location on the campus, whether during the school day or after school hours.**
