- ⇒ **Attention driving students who park in the student parking lot: As we approach the end of the year, more students can now drive. Since some students are parking without a school permit, those who have paid for permits are finding they do not have a space available to them to park when they arrive. Remember you must display a parking permit to avoid school consequences or a parking citation. If you would like to get a parking permit, pick up an application in the front office; permits can be paid for in room 17.**
