and

Digital
Media Arts
Program

Game Design and Digital Arts Program

Our program's goal is to prepare students for job positions and/or higher institutions of learning in the areas of video game design, multimedia arts, animation, and other design positions.

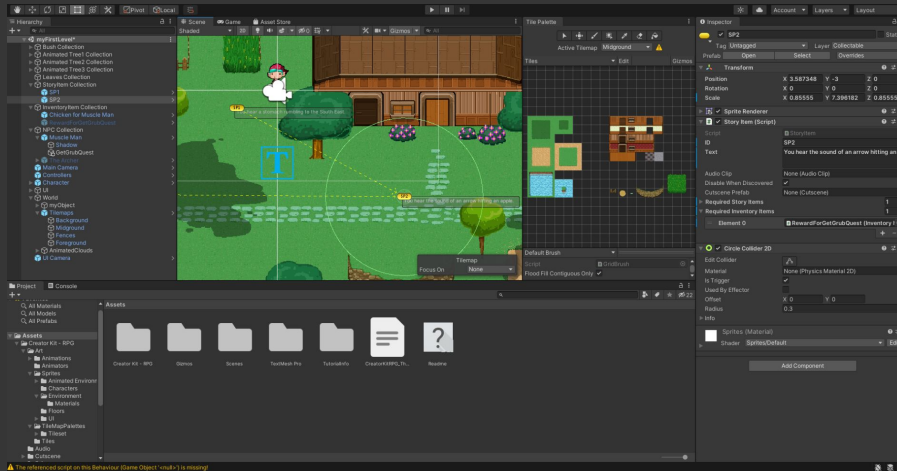

Students will gain valuable experience with the following software systems:

- ▶ Unity and Unreal Game Engine
- ▶ Autodesk Maya and Blender
- ▶ Adobe Photoshop, Adobe Illustrator, Adobe Animate, and Adobe Premiere

Benefits of the program

- ▶ Meets category F of the A-G Cal-state & UC requirements
- ▶ Learn industry standard software for game development
- ▶ Project-based and hands-on learning
- ▶ Preparing students for college and careers

A - G Requirements

University of California - California State University

Requirement	Years Required	Years Recommended
A History	2 Years Required	1, 2
B English	4 Years Required	1, 2, 3, 4
C Mathematics	3 Years Required 4 Years Recommended	1, 2, 3, 4
D Laboratory Science	2 Years Required 3 Years Recommended	1, 2, 3
E World Language	2 Years Required 3 Years Recommended	1, 2, 3
F Visual and Performing Arts	1 Year Required	1
G College Prep Elective	1 Year Required	1

Students must complete all College Preparatory / AP / IB courses with a grade of "C" or better.

UC SCHOOLS

- To be considered for admission, students must complete at least 15 A-G courses with a grade of "C" or better. At least 11 A-G courses must be completed prior to Senior year.
- Take the ACT with Writing Test or SAT Reasoning Test with Essay by December of Senior year. (OPTIONAL*)
- Must have at least 3.0 GPA in A-G courses for minimum eligibility.
- Admission competitiveness varies by major and UC campus.

CSU SCHOOLS

- To be considered for admission, students must complete at least 15 A-G courses with a grade of "C" or better.
- Take the ACT or SAT Reasoning Test by December of Senior year. (OPTIONAL*)
- Must have at least a 2.0 GPA in A-G courses for minimum eligibility.
- Admission competitiveness varies by major and CSU campus.

*The University of California (UC) system of schools will NOT consider SAT or ACT test scores when making admissions decisions or awarding scholarships.

**The California State University (CSU) system of schools has temporarily suspended the SAT or ACT test requirements only for students applying for admission in fall 2022 and fall 2023.

Sonora's Game Design Pathway

Freshman/Sophomore (Year 1)

1. Semester 1: Unity 2D Kit and Adobe Photoshop
 - a. Major Project: Design a 2D RPG
2. Semester 2: Adobe Illustrator and Adobe Animate
 - a. Major Project: Design a 2D Platformer Game

Sophomore/Junior (Year 2)

1. Semester 1: Unity 3D Kit and Game Engine
 - a. Major Project: Design a 3D Castle RPG
2. Semester 2: Modeling non-organic assets in Maya
 - a. Major Project: Design their own Car/Cart

Junior/Senior (Year 3 and optional Year 4)

1. Semester 1: Modeling organic assets in Maya
 - a. Major Project: Model self and integrate into a 3D RPG Game
2. Semester 2: Full Scale Game in Unity with sound, user interface, voice over, menus, and credits
 - a. Major Project: Personal Choice

Students Get Hands-On Experience With Industry Technology

State of the Art Computer Lab

27 Inch Wacom Pen Display

VR Headsets

Canon DSLR Cameras

Whisper Room

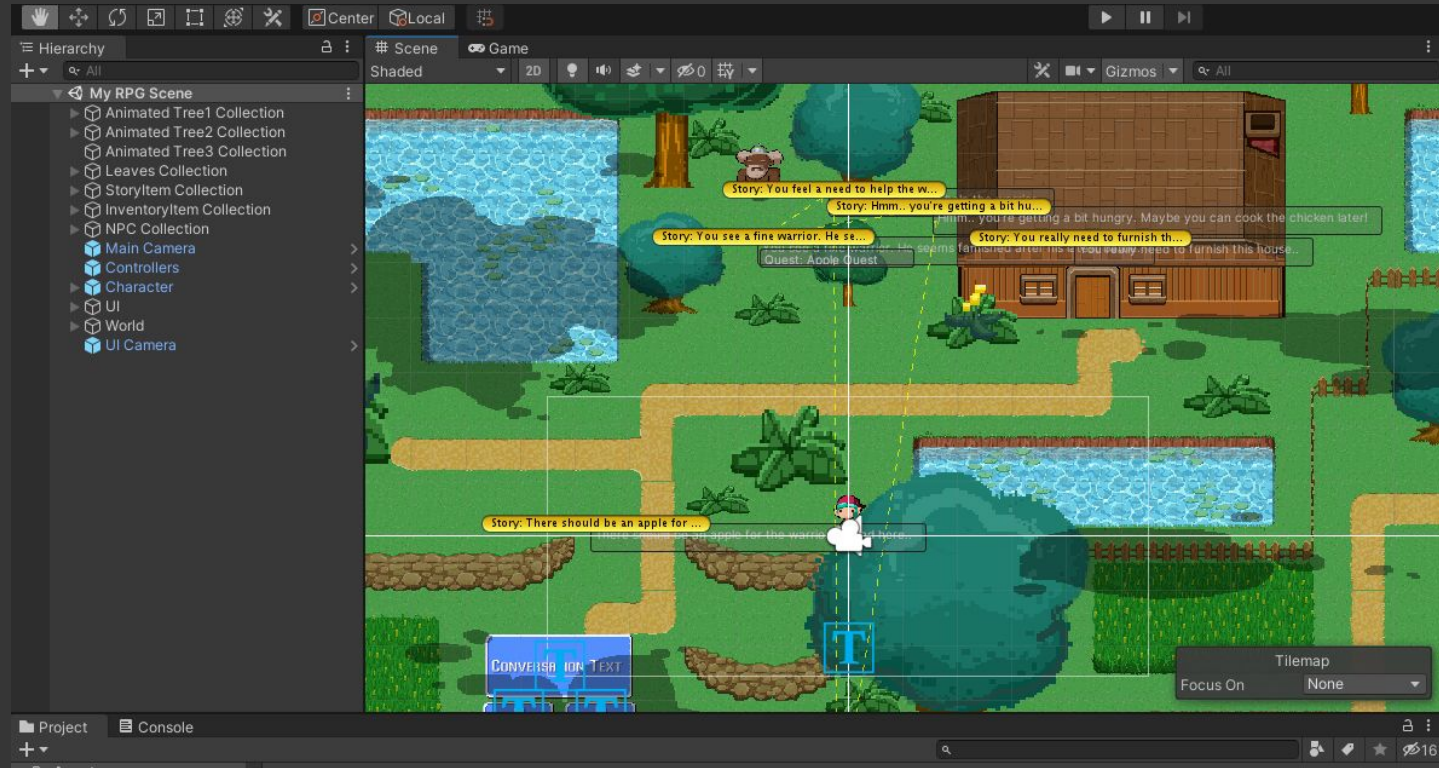

3D Printers

Student Work Product (Year 1)

Build your own RPG level in Unity

- ❖ Students learn how to populate Unity scenes using prefabs and tile-mapping.
- ❖ Students learn how to chain quests together between various npcs and quest items.
- ❖ Students learn Unity interface and an understanding of 2D space in Unity

Student Work Product (Year 1)

Create Caricatures

Student Work Product (Year 1)

Design your own nameplate

Students learn Photoshop interface as well as layer effects and composition.

Student Work Product (Year 1)

Learn Animation Principles

Students learn animation concepts such as squashing and stretching, Momentum, Anticipation, Timing, & Exaggeration.

Student Work Product (Year 1)

Create Compositions

Ah, just another boring day at school...

Year 1 - Create a TV Box in Adobe Premiere Pro

Student Work Product (Year 1)

Learn to Illustrate with Vectors

Year 1

Animating with Vectors

Student Work Product (Year 1)

Animate a vectorized Bitmoji

Students learn the Adobe Animate and Adobe Illustrator interfaces. They learn skills such as vectorizing images, layer composition, forward and inverse kinematics, and animation tweening curves.

Year 1

Create Your Own Voice-Sync Animated Bitmoji

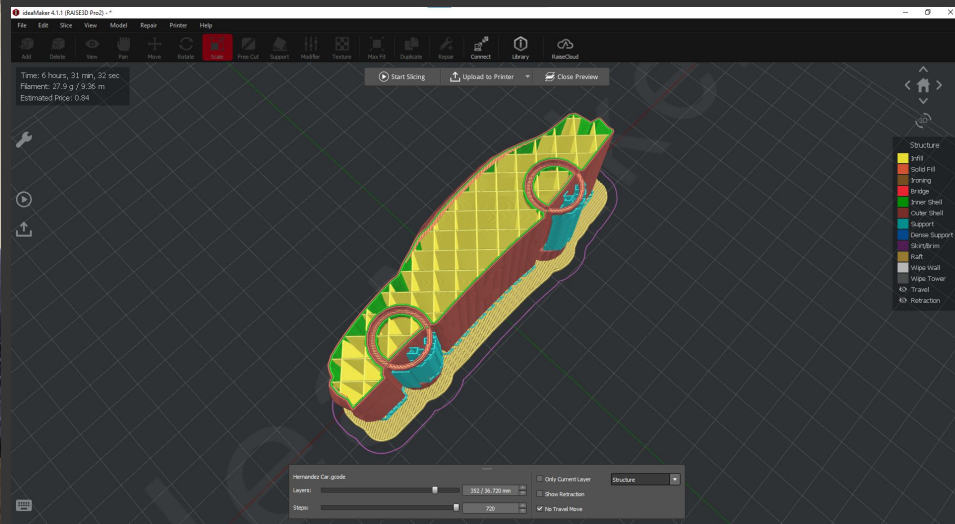

Year 2

Create Your Own 2D RPG

Tank Top Detective

Year 3 - 3D Printing and Slicing

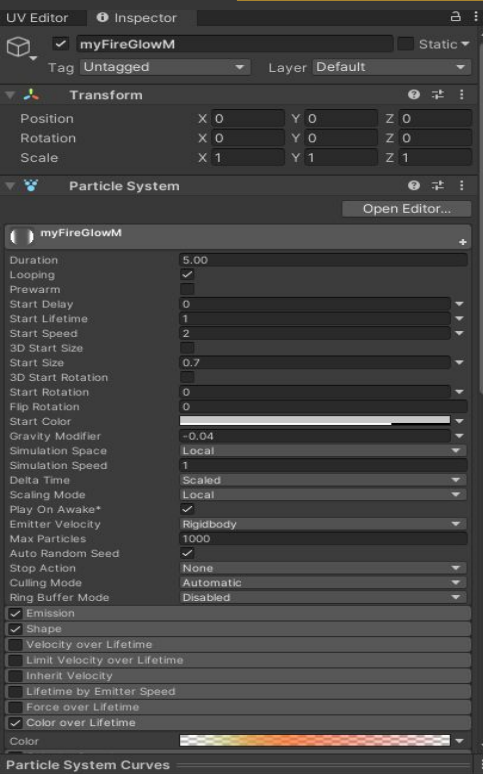

Year 2

Design Your Own Castle Scene

Year 2

Particle Effects in Unity

Year 2 - 3D Modeling the Zelda Mastersword

Year 3 – Modeling, Rigging, and Animating Humanoids

Year 3 - Modeling a Truck and a Car

Non IB Candidates

- Sign up for Intro. To Game Design for your sophomore year during your freshman year

9th: Intro. To Comp Sci. or Painting and Drawing (recommended but not required)

10th: Intro. To Game Design

11th: Intermediate Game Design

12th: Advance Game Design

IB Candidates

- Sign up for Intro. To Game Design today with your counselor

9th: Intro. To Game Design

10th: Intermediate Game Design

11th: No room in schedule due to IB/AP requirements

12th: Advance Game Design
