

International Baccalaureate Program

IB Diploma Program Worldwide

The International Baccalaureate Program is offered worldwide. It features coursework completed in 6 major academic areas: language acquisition, studies in language & literature, individuals & societies, sciences, mathematics, and the arts.

IB Diploma Program at Troy

The IB Diploma Program is the most rigorous option for students attending Troy. The program was established in 1986 at the same time as the Troy Tech Program. A student considering this program will participate in the first two years of high school honors/AP classes. In spring of the sophomore year, the IB Coordinator initiates communication with qualified honors students showing academic excellence to determine if they wish to pursue the IB Diploma Program and enroll as an **official IB Diploma Anticipated Candidate**. Many students select to complete a partial IB Courses Program where they test in a few of the six IB subject areas--areas where they are succeeding in honors coursework. They can earn an IB certificate upon completion. To review program information for juniors and seniors, refer to ib.troyhigh.com.

Core Curriculum: *Theory of Knowledge course, CAS and Extended Essay*

Group 1: Language A *English HL*

Group 2: Language Acquisition (Language B) *Spanish, French, Chinese; SL/HL all languages*

Group 3: Individuals and societies *Business and Management SL, Philosophy HL*

Group 4: Sciences *Biology SL/HL Physics SL/HL, Design Technology SL, Computer Science HL*

Group 5: Mathematics *Mathematics HL/SL*

Group 6: Arts *Visual Arts SL/HL, Film SL/HL or an elective from one of the other groups*

The courses are open to all students. Many courses are taught in conjunction with the AP and Cambridge curriculum. Students may test if they complete all the requirements in any one course. Registration and payment for exams is done through Total Registration in October each year.
