ELAC

A school with 20 or more English learners (ELs) must have a functioning English Learner Advisory Committee (ELAC). The ELAC is responsible for advising the principal, staff, and School Site Council (SSC) on various aspects of the instructional program for ELs.

In addition, the ELAC must receive information and have opportunities to provide advice/assistance on various legally-required topics.

It is important to have regular meetings at each school site and constantly be reminding/inviting parents to participate in order to establish leaders.
