Dear FJUHSD Community,

I'd like to provide you with the most recent updates regarding COVID-19 and the FJUHSD school closures. This week, top national, state, and local officials issued new recommendations to slow the spread of COVID-19, outlining sweeping changes to our work and personal lives.

Based on the most recent guidance and recommendations, all District schools and facilities will stay closed to students through May 1, 2020. Instruction will continue through Distance Learning (on-line) through May 1, 2020.

This is a fluid situation and FJUHSD is working to provide our community with the most current and clear guidance. Though the Governor speculated about the potential timeline for the reopening of schools, our current plans remain in place. We will update you with information as it becomes available.

Student safety and learning remain our top priority, and our teachers will continue with instruction through distance learning:

- Regular School Hours
- Classes will meet every day on-line according to the student's normal daily schedule.
- Google Classroom will serve as the main platform. Students will be provided instructions daily by their teacher of record.
- Teachers will be available on-line during the regular daily instructional period.
- Work and assignments will be completed electronically and teacher feedback and grades will continue.
- Staff members will check school email at least once per day and respond to parent communication within 24 hours. If you do not have wi-fi at home, please contact school administration and arrangements will be made.
- All employees will continue to report to their current assignment.

Important Reminders:

- All school events, field trips, athletics, and activities are canceled/postponed until further evaluation on May 1.
- Meal plans will continue to be provided with extended hours to provide for our students (including Spring Break) between 11:30 a.m.-1:30 p.m.

In closing, I'd like to again thank everyone for their patience, understanding and flexibility as we continue to adjust among the rapidly evolving situation. Please continue to monitor your email for updates. Additionally, please ensure that your student remains engaged with their teachers through distance learning. We appreciate your partnership to keep our students learning.

Sincerely,
