You'll need to choose a major for each campus you're applying to.

If you're a freshman applicant and aren't sure what you want to major in yet, you can choose "Undecided" or "Undeclared."

An alternate major is your second-choice major. Although choosing an alternative major is optional, it's a good idea to select one if it's available at the campus you're applying to. If a campus is unable to offer you a place in your primary major, they may consider you for your alternate major.

UC offers an array of programs and services designed to help every student have a fulfilling college experience.

While we encourage you to explore all of our programs, you have an opportunity to express interest in one of our programs, the Educational Opportunity Program (EOP), right here in the application.

If you're interested in EOP, check the box below and answer the follow-up questions.

☒ Educational Opportunity Program (EOP)

EOP and similar campus programs provide assistance through mentorship, academic programs, financial assistance, counseling/advising, and other campus support services to those who are first-generation college students, and/or from low-income and educationally disadvantaged backgrounds. EOP serves students from all ethnic backgrounds, and is open only to California residents and to American Indians from any state.
