

2022/23 DISTRICT SUMMER UPDATE FULLERTON JOINT UNION HIGH SCHOOL DISTRICT

FJUHSD ANNUAL NOTICES

The District would like to welcome everyone back for the new school year. As the school year begins, we would like to assure parents and students that safety is of utmost importance and we encourage you to visit www.fjuhsd.org to view our site and District Safety plans. The District aspires to prepare students to enter the global workforce through integration of technology, real-world applications, and rigorous instruction. As we anticipate the coming challenges, we also recognize the privilege and high calling each of us in the Fullerton Joint Union High School District has to build, equip, inspire, and provide opportunities to our youth for their future. Each day, we seek to provide excellence for every student - excellence that will not only prepare them for college and career, but build character and integrity as well.

BOARD OF TRUSTEES

The Board of Trustees consists of five residents of the Fullerton Joint Union High School District. Members were elected by-trustee area to serve a four-year term of office. Each year, a student representative is selected by the student body to serve on the Board, and will be asked by Board Members to cast a preferential vote on non-confidential agenda items.

Regular meetings are normally held at 6:00 p.m. in the Boardroom at the Education Center. Board meetings are posted on the District website. (The Education Center is located at 1051 West Bastanchury, Fullerton.) Special meetings are called, when necessary, at a time and place announced in advance.

All regular and special meetings are open to the public. However, on some occasions during these meetings, the Board may meet privately in Closed Session as provided by law.

Meeting minutes record all actions taken by the Board. Once adopted, these minutes are public records and are available for review at the Education Center and on the District website.

Copies of the agenda and dates of meetings of the Board of Trustees are available on the District website at www.fjuhsd.org under the Board of Trustees tab.

Chromebook and Acceptable Use of Technology Policy

The Fullerton Joint Unified School District School Board of Trustees have approved the distribution of Chromebooks for each student. A Chromebook will be issued to your child for their use at school and home. We are excited to make this powerful tool available to our students. We also understand both students and parents are naturally concerned about keeping these tools secure and in good working order.

Like textbooks, team uniforms and other school property issued to your child, there is a responsibility to take appropriate care of these valuable resources. The Chromebook is no different, but it does represent a cost to the district and consequent liability to students and parents. We have a warranty in place to cover the Chromebooks covered for manufacturing defects, but we know loss and accidents may also happen, even when students take good care of the device. In these instances, district policies, state regulations and practices require a fine be levied to cover the repair or replacement cost of district property. With Chromebooks, the cost of loss or damage is lower than many other technology tools, but it can still be significant. Information regarding Chromebook insurance and other technology policies can be located on the District website at www.fjuhsd.org. Refer to the following technology policies; AR 6163 - 6164.1

Technology use is a privilege, not a right, and inappropriate use will result in disciplinary consequences. Technology is used to support student learning and enhance instructional programs. The Internet makes it possible for students to access many types of resources and to interact with other students, individuals, or services located inside and outside the District. The District uses filters to limit access to inappropriate material; however, it is not possible to control all of the content of information available through any Internet service. Some of the information available through the Internet may contain harmful matter, or be otherwise inappropriate for educational purposes. The District does not condone the access or use of such information and, to the extent possible, will restrict student access to such information. To the extent that the use of technology and electronic information resources serves the educational needs of students and supports instructional programs, the District believes strongly in the importance of such technology and regards technology use as a privilege, not a right. It is, therefore, expected that student and staff system users will act in a responsible, efficient, ethical, and legal manner at all times.

Acceptable use of technology includes communication in support of research and learning, access and exploration of appropriate information and resources, on assignments or projects. Routine maintenance and monitoring of computer and Internet systems will occur. Use of technology that results in compromising the security of the operating equipment and/or software is prohibited. The District reserves the right to conduct individualized searches of a user's actions on the District network if there is reasonable suspicion that a law or rule has been violated. Students found to have engaged in unacceptable use may be subject to a parent conference; suspension

and/or termination of computer-use privileges, e-mail and Internet access; a zero grade on related assignments and/or removal from the course; suspension and/or expulsion from school; referral to law enforcement authorities; legal action to recover damages and penalties; or other appropriate consequences, such as Education Code Section 48900(r), that specifically states that bullying by means of an electronic act is a suspendable violation.

STUDENT BEHAVIOR EXPECTATIONS

Behavior and Consequences

Students are responsible for their own behavior and are expected to follow all campus rules and regulations. These behavior expectations apply any time students are on campus and at all school activities. Education Code gives the school jurisdiction over student conduct on the way to school, or at school activities, at break and lunch whether on or off campus, and on the way home from school. These basic expectations supplement the District's broad discretionary authority to maintain safety, order, and discipline.

Violators of these behavior expectations may be subject to one or more of the following consequences:

3. Campus cleanup.
4. Detention.
5. Saturday School.
6. Removal from class.
7. Suspension.

Academic Honesty Policy

Fullerton Joint Union High School District students are expected to attend school ready to learn. It is also expected that student behavior will reflect good sense and an ability to discern right from wrong. The well-being of the school community depends on the student accepting responsibility for personal conduct in both social and academic endeavors.

Academic honesty depends on the student taking responsibility for producing work that is reflective of the student’s best effort. Academic dishonesty is evidenced by cheating or plagiarizing and involves an attempt by a student to show possession of knowledge and skills he/she does not possess. Academic dishonesty may result in a zero grade for work completed, loss of credit, a failing grade for the course, or other appropriate consequences as determined by a school administrator.

Student, Parent/Guardian, and Teacher Responsibilities: **Students** are expected to adhere to the principles of this policy in completing all school-related tests, quizzes, reports, homework, assignments, and other academic work both in class and out of class. **Parents/guardians** are expected to support the spirit and intent of this policy by reviewing the policy with their students and encouraging the students to practice academic honesty. **Teachers** are expected to promote the academic honesty policy through ongoing reference to and application of the District Moral and Civic Values, to make clear to students the fact that the principles of the policy will be strictly enforced, and to act on and enforce appropriate consequences when a student is found to have violated the academic honesty policy. Students found to have been involved in any act of academic dishonesty may be subject to a failing grade

on related assignments, removal from the class with no credit, removal from academic honor organizations, transfer to another school, suspension, expulsion, and other appropriate consequences.

THE MISSION OF GUIDANCE SERVICES IS TO PROVIDE QUALITY STUDENT SUPPORT SERVICES TO ALL STUDENTS

The mission of the comprehensive school counseling program in the Fullerton Joint Union High School District is to provide academic, career, and personal social learning opportunities that value, challenge, and prepare each student for responsible participation in our changing world.

In order to provide this level of counseling, the Fullerton Joint Union High School District has adopted a more personalized model. The school counseling program will maintain a four-year commitment to develop an effective relationship between student and counselor to enhance student's readiness to learn and succeed. A counselor will be assigned to each student while the student is at the school to provide a comprehensive and individualized approach to addressing the student's needs. In addition, counseling staff members will offer every student flexible hours for access, individual counseling, and annual parent meetings to review educational progress and options.

In the area of academic and career counseling, the school counseling program will provide students with the most challenging and relevant student course placements; monitor progress towards graduation and success in classes; offer individual counseling services for all students; facilitate individual counseling meeting appointments to meet students' needs; develop a four-year educational plan; and introduce students to the Career/College Center.

DISTRICT DRESS STANDARDS

Administrative Regulation 5650: Student Dress and Grooming

Student Dress Standards and Guidelines

The school district and individual schools are responsible for seeing that the student attire does not interfere with the health and safety of any student, and that student attire does not contribute to a hostile or intimidating atmosphere for any student. Students and parents/guardians shall be informed about dress code at the beginning of the school year and whenever these standards are revised. A student who violates these standards shall be subject to appropriate disciplinary action.

The purpose of “Student Dress Standards and Guidelines” includes:

- Ensure that all students are treated equitably without regard to gender/gender identification, sexual orientation, race, ethnicity, body type/size, religion, and personal style.
- Maintain a safe learning environment in classes where protective or supportive clothing is needed, such as chemistry/biology (eye or body protection), dance (barefeet, tights/leotards), or PE (athletic attire/shoes).
- Permit students to wear attire without fear of discipline or discrimination.
- Prevent students from wearing clothing with offensive images or language, including profanity, hate speech, and pornography.

The Student Dress Standards and Guidelines are as follows:

1. Clothing worn by students will be opaque and appropriately cover the student's body.
 - a. Student clothing must cover undergarments, or where undergarments typically would be, at all times.
 - b. Clothing must cover all areas of the midriffs when arms are down. Minimal exposure of the belly button is permitted when raising arms or moving.
 - c. Clothing must not expose cleavage, buttocks, or genitals.
 - d. Clothing must not have holes or gauze/transparent fabric that exposes undergarments or skin that otherwise should not be exposed.
2. Clothing worn by students will align with the instructional purpose and meet safety requirements.
 - a. Students may be required to wear additional safety attire when directed by an instructor to align with class standards (e.g., wood shop, science lab, physical education).
 - b. Students may be permitted to wear otherwise prohibited clothing (e.g., midriff bearing) when directed by an instructor to align with an activity (e.g., sports' uniforms, theater costumes).
3. Hats and headwear are permitted when they align with the following standards:
 - a. Student's face must always be visible to the staff.
 - b. Hats or headwear may not interfere with the sight of any students or staff.
 - c. During in-classroom instruction, a teacher may direct a student to remove headwear at any time unless the headwear is such that it is a cultural item (e.g. yarmulkes, turbans, hijab). Teachers may also direct a student to a different seat if the hat causes a visual obstruction to other students.

Procedure

1. A student suspected of violating the dress code is to be reported to either the Principal or designee if the violation cannot be dealt with by the staff member observing the violation.
2. If a dress code violation is observed, the Principal or designee shall hold a conference with the student. The student shall have the opportunity to be heard concerning the alleged dress code violation. If the Principal or designee determines the dress code was violated, the student shall be asked to take whatever steps are necessary to meet the guidelines. If the correction involves the removal of the clothing which may prove embarrassing to the student, the Principal or designee may allow the student to cover up and wear the clothing until the end of the school day or may direct the student to return home to change the clothing. If the student is directed to return home, the student's parents/guardians will be notified.
3. Any student violating the dress code more than once may be subject to additional disciplinary action.
4. Parents/guardians of students violating the policy will be notified either in writing or by phone. The parent/guardian will be given an opportunity to meet with the Principal or designee to discuss the violation. If the parent/guardian is not satisfied at the conclusion of the conference, the parent/guardian may make use of the complaint procedure (BP/AR 1312, Complaints Concerning School Personnel).

STUDENT MEDICAL INSURANCE OFFERED

The Fullerton Joint Union High School District does not carry medical or dental insurance for students injured on school premises, while under school jurisdiction, or during school District activities. For this reason, the District has approved a medical and dental accident insurance plan administered by Myers-Stevens & Co., Inc., Student Accident Insurance Administrators, for presentation to parents or guardians at a very reasonable cost.

The insurance program offered is optional and is authorized by the State Education Code, which permits distribution of necessary information from the company providing the coverage. The student insurance information and application packet are available in the main office at the school.

2022/23 HOME-TO-SCHOOL TRANSPORTATION

Regular home-to-school transportation is not provided for students in the attendance areas for Fullerton Union, La Habra, Sonora, Sunny Hills, and Troy High Schools.

Students residing 2.5 or more miles from the Buena Park High School campus who demonstrate a true financial hardship and are currently enrolled in the school's free and reduced lunch program, can apply and will be considered for an OCTA bus pass on a case-by-case basis. Requests for a school-provided OCTA bus pass can only be processed through the school's front office. Proof of residency outside the 2.5 mile walking zone must be provided at time of application, as well as the referenced financial hardship eligibility criterion

American Civil Liberties Union (ACLU) Settlement Guidelines

The Constitution of the State of California requires that we provide a public education to students free of charge. A student’s right to a free education is for all school/educational activities, whether curricular or extracurricular, and whether a student gets a grade for the activity or class. Subject to certain exceptions, a student’s right to a free public education means that we cannot require students or their families to purchase materials, supplies, equipment, or uniforms for any school activity, nor can we require them to pay security deposits for access, participation, materials, or equipment. School personnel may require students to attend a fundraising event; however, if they are unable to raise funds for the event, they cannot be prevented from participating in an educational activity.

Some fees are permissible under California law. Permissible fees include:

- Charges for optional attendance as a spectator at a school or District-sponsored activity.
- Charges for food served to students, subject to free and reduced price meal program eligibility and other restrictions specified in law.
- Paying the replacement cost for District books or supplies loaned to a student that the student fails to return or that is willfully cut, defaced, or otherwise injured, up to an amount not to exceed \$10,000.
- Fees for field trips and excursions in connection with courses of instruction or school related social, educational, cultural, athletic, or school band activities, as long as no student is prevented from making the field trip or excursion because of lack of sufficient funds.
- Medical or hospital insurance for field trips that is made available by the District.
- Charges for required medical and accident insurance for athletic team members, so long as there is a waiver for financial hardship.
- Charges for standardized physical education attire of a particular color and design, but the school may not mandate that the attire be purchased from the school and no physical education grade of a student may be impacted based on the failure to wear standardized apparel “arising from circumstances beyond the control” of the student.
- Charging for the parking of vehicles on school grounds.

- Charges for the rental or lease of personal property needed for District purposes, such as caps and gowns for graduation ceremonies.
- Reimbursement for the direct cost of materials provided to a student for property the student has fabricated from such materials for his/her own possession and use, such as wood shop, art, or sewing projects kept by the student.
- Reimbursement for the actual cost of duplicating public records, student records, or a prospectus of the school curriculum.
- Fees for transportation of pupils to places of summer employment.
- Fees for an optional fingerprinting program for kindergarten or other newly enrolled students, if the fee does not exceed the actual costs associated with the program.
- Deposits for band instruments, music, uniforms, and other regalia, which school band members take on excursions to foreign countries.
- Charges for eye safety devices, at a price not to exceed the District's actual costs, in specified courses or activities in which students are engaged in, or are observing, an activity or the use of hazardous substances likely to cause injury to the eyes.

Education Code prohibits school districts from requiring any student, except students in classes for adults, to purchase any instructional materials for the pupil's use in the school. Instructional materials include all materials that are designed for use by students and their teachers as a learning resource and helps students to acquire facts, skills, or opinions or to develop cognitive processes. Instructional materials may be printed or non-printed, and may include textbooks, technology-based materials, other educational materials, and tests. In the context of an instrumental music program, musical instruments would be included as instructional materials, which must be provided without charge.

Education Code states that a school district has a basic duty to provide supplies, which are necessary to fulfill the school's educational program. This duty would include athletic uniforms, attire for music classes, musical instruments, special binders, film for photography classes, calculators, or other study aid materials. If the equipment or supplies are used by the school in the educational process, then these materials would constitute necessary supplies, which must be provided to students without cost. In addition, a school district may not charge a fee or require students to purchase necessary materials, even if the district maintains a special fund to assist students with financial need or waives such fee or charge for students with financial need.

CHILD-FIND EFFORT TO ASSIST STUDENTS WITH DISABILITIES

California Child-Find is a Statewide effort to ensure that children with disabilities have the opportunity to participate in programs and receive special education services appropriate to their needs.

A child with disabilities is a person, up through twenty-one years of age, with:

Intellectual Disability	Hard of Hearing	Deafness	Speech or Language Impairment
Visual Impairment	Orthopedic Impairment	Deaf-Blindness	Traumatic Brain Injury
Other Health Impairment	Emotional Disturbance	Multiple Disability	Specific Learning Disability
Autism			

Time is valuable. The sooner a child's special needs can be determined, the better that child's chances are to receive an appropriate education and to have a better life. If you know of a child who may have one of these disabling conditions, please take one minute of your time to call your nearest public school.

For more information, please contact the Fullerton Joint Union High School District Special Education Office, 1051 W. Bastanchury Road, Fullerton, California, 92833, (714) 870-2849.

ASBESTOS NOTIFICATION

This notification is pursuant to the Asbestos Hazard Emergency Response Act (AHERA). The 2022/23 school year may include asbestos management activities at all the District schools and sites. Abatement of asbestos will normally occur after school hours unless impractical or in case of an emergency.

The Fullerton Joint Union High School District (District) contracts with certified abatement contractors for hazardous materials abatement, environmental assessments, consulting services, and oversight for the 2022/2023 school year.

The Asbestos AHERA Plan for the District is located at the District Service Center and each school site has their inventory notebook in the Principal's office. The notebook may be viewed, without cost or restriction, during normal working hours. Copies can be obtained within ten days of written notification to the Superintendent's Office.

The District is committed to continuing to provide a safe and healthy environment for all students and staff members. If you have additional questions about the District's AHERA Plan or would like additional information that is not provided in this notification, please contact Ted Walstrom, Director of Facilities & Construction, at (562) 680-5604.

DISTRICT-PROVIDED ALTERNATIVES

Recognizing that students' interests, needs, and learning styles vary, an array of learning alternatives is provided for District students.

Special Education

The District provides free, appropriate educational programs to students with disabilities. If you believe that your student is eligible for special education and is not in a special education program or if you know of someone you believe might be eligible, please contact the Director of Special Education, Maureen Cottrell at (714) 870-2870.

La Vista High School – A Continuation High School

La Vista High School is a continuation high school designed for students, ages 16 to 18, who have not made sufficient progress towards graduation at one of the comprehensive high schools. Offering the courses required for graduation in the District, La Vista High School offers more flexible schedules and individualized instruction than other high schools. Students progress at their own pace and earn credits as work is completed.

La Sierra High School – An Alternative High School

La Sierra High School is an alternative high school, which includes six high school programs located throughout the District. The classes and programs provide instruction in alternative classroom settings designed to meet the specific academic needs of individual students. The alternative programs include Independent Study, Opportunity, Teenage Pregnancy and Parenting, Adult Transition, iSierra Online Academy, and Endeavor.

For information concerning La Sierra High School classes or programs, call (714) 447-7820 or 447-5500.

Attendance Permits

District Board Policies and Administrative Regulations detail procedures whereby students and parents/guardians may request intradistrict and interdistrict attendance permits based upon medical, change of residence, instructional programs, or exceptional reasons. During January, for a limited time, an open enrollment opportunity is available for requesting intradistrict permits without specifying reasons. Questions regarding attendance permits should be directed to the Principal of the school of residence.

Career Technical Education

Career Technical Educational (CTE) opportunities are available to all students without regard to race, color, religious preference, national origin or ancestry, marital status, sex, age, handicap, or economic status. CTE opportunities include, but are not limited to, all courses offered by the District's agriculture, business education, culinary, media production and

industrial technology departments, and courses offered by the North Orange County Regional Occupational Program. See a guidance counselor for courses offered at each school site.

DISTRICT ASSESSMENTS

The California High School Proficiency Examination

Eligible students can earn the legal equivalent of a high school diploma by passing the California High School Proficiency Examination (CHSPE). The examination assesses proficiency in the basic reading, writing, and mathematics skills taught in public high schools. If a student passes the examination, the California State Board of Education will award the student a Certificate of Proficiency, which by State law is equivalent to a high school diploma (although not equivalent to completing all coursework required for regular graduation from high school). All persons and institutions controlled by California law that require a high school diploma for any purpose must accept the certificate as satisfying the requirement. Although Federal government agencies are not bound by state laws, the U.S. Civil Service Commission has ruled that the Certificate of Proficiency shall be accepted in applications for Federal civilian employment. Military service policies vary greatly. Check with a recruiter for details.

Passing the CHSPE does not exempt the student from attending school unless the student is at least 16 years old and has verified parent/guardian permission to stop attending school. Many students who pass the CHSPE continue to attend school. State law provides that, if the student leaves school after passing the CHSPE and is no more than 18 years old, the student may re-enroll in the district in which the student was registered with no adverse consequences. If the student re-enrolls and then leaves school again, the student may be denied readmittance until the beginning of the following semester. Contact the school's guidance counselor or school administrator for further information and details about leaving school after passing the CHSPE.

Dropping out of school after registering for the CHSPE or while awaiting results is unlawful for those under 18 years of age. It may also result in failing grades for courses in which the student is enrolled.

FULLERTON JOINT UNION HIGH SCHOOL DISTRICT
Parent/Guardian Notification Letter for Health Instruction

Dear Parent/Guardian:

You are receiving this letter because your child may be enrolled in the Fullerton Joint Union High School District summer school Health class that is taught in an online environment using APEX curriculum. Health education at the high school level includes sex education.

California state law, the California Healthy Youth Act* (CHYA), requires that comprehensive sexual health education and HIV prevention education be provided to students at least once in middle school or junior high school and once in high school, starting in grade 7. Per the CHYA, instruction must encourage students to communicate with parents, guardians or other trusted adults about human sexuality. Instruction must be medically accurate, age-appropriate, and inclusive of all students. It must include the following:

- Information about HIV and other sexually transmitted infections (STIs), including transmission, FDA approved methods to prevent HIV and STIs, and treatment
- Information that abstinence is the only certain way to prevent unintended pregnancy and HIV and other STIs, and information about value of delaying sexual activity
- Discussion about social views of HIV and AIDS
- Information about accessing resources for sexual and reproductive health care
- Information about pregnancy, including FDA approved prevention methods, pregnancy outcomes, prenatal care, and the newborn safe surrender law
- Information about sexual orientation and gender identity

Parents/guardians may examine the APEX instructional materials by following the link below. There is a two minute video explaining how to navigate the APEX curriculum.

<https://www.fjuhsd.org/Page/320>

Parents have the right to opt out of this instruction, but not the entire health course. If you have questions, please see the summer school principal at your specific school. If you do not want your student to participate in comprehensive sexual health or HIV prevention education, please give a written request to the summer school principal at your child's school. An alternate lesson will be assigned.

Notification Letter for Contraband Detection Dogs 2022/23

Dear Parents, Students, and Staff Members of the Fullerton Joint Union High School District,

This letter is sent to all parents, students, and staff members to notify everyone that the District has made the decision to utilize the services of “Contraband Detection Dogs or Drug-sniffing Dogs” at the campuses of all schools within the District, beginning February 1, 2019. The Board of Trustees is fully committed to promoting a safe learning environment and, to the extent possible, eliminating the possession and use of weapons, illegal drugs, and other controlled substances by students on school premises and at school activities.

California Education Code 49050, District [Board Policy \(BP\)](#) and [Administrative Regulation \(AR\) 5805.1](#) provide for the authorization of searches to protect the health and welfare of students and staff; such that, school officials may search students, their property (backpacks), and/or District property under their control and may seize illegal, unsafe, or otherwise prohibited items.

In an effort to keep the schools free of dangerous contraband, the District will begin to use specially trained, non-aggressive dogs to sniff out and alert staff members to the presence of substances prohibited by law or BP/AR.

A school administrator will accompany the handler and dog during all searches. Students will be instructed to leave their backpacks and personal belongings in the classroom and the classroom teacher will escort students outside of the classroom. The administrator, handler, and dog will enter the empty classroom to conduct the search. The dogs may sniff the air around lockers, desks, and backpacks, or vehicles on District property or at District-sponsored events. Dogs will not sniff within close proximity of students or other persons. The District and site administration has sought out this service as a deterrent to the unfortunate increase in vapes and marijuana products on school campuses.

The Principal or designee will conduct a general inspection of school properties that are within the control of students, such as lockers, desks, and backpacks, on a regular, **unannounced basis**, with students standing outside the classroom. Any items contained in a locker, desk, or backpack shall be considered to be the property of the student to whom the locker or desk was assigned. Student cars may also be inspected by the contraband detection dogs. The dogs can sniff marijuana, hashish, cocaine, crack, heroin, commonly abused medications (Xanax), alcoholic beverages, and any gunpowder items or firearms.

Whether trace amounts of contraband or significant amounts of contraband items are detected, appropriate consequences will be determined by site administration in accordance within District disciplinary policies.

Parents are welcome to contact the site principals should there be questions about how the contraband detection dogs will be utilized on their child’s campus.

Sincerely,

Steve McLaughlin, Ed.D.
Superintendent

July 1, 2022

Dear Parent/Guardian/Student,

For the 2022–23 school year, California has implemented the statewide Universal Meal Act Program, which is built on the National School Lunch Program (NSLP) and School Breakfast Program (SBP). This means all California school districts will offer breakfast and lunch meals to every student at no cost regardless of race, color, national origin, sex, age, or disability; furthermore, there will be no discrimination in the course of the meal services. The Food Services department also participates in the Child and Adult Care Food Program, where all qualified comprehensive schools offer afterschool meals to all students at no cost. The Infant and Toddler program will be available to students enrolled in the La Vista/ La Sierra High school at no cost.

With the new Universal Meal Act program enacted, the State has also encouraged all school districts in California to implement the Community Eligibility Provision (CEP). In addition to free meals for each student, CEP reduces the administrative burden on families by eliminating the need to complete a lunch application form. For the 2022-23 school year, FJUHSD were approved to implement CEP at Buena Park, Fullerton Union, La Habra, and La Vista high schools. Parents with students who attend in those schools will not be required to complete a lunch application form. Conversely, FJUHSD were not approved for CEP for the following schools: Sunny Hills, Sonora, and Troy high schools. While meals will continue to be served to students at no cost at Non-CEP schools, the District will be encouraging parents who may qualify for free and reduced meals, complete a 22-23 FRPM application.

Our Food Services team is here to support. Please contact us for questions or assistance at (714) 870-2820 or emailing us at foodservices@fjuhsd.org.

Sincerely,

Notification of Rights for Elementary and Secondary Schools

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records maintained by the school. These rights transfer to the eligible student when he/she reaches the age of 18 or attends a school beyond the high school level.

Parents or eligible students should submit to the School principal [or appropriate school official] a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.

2. The right to request that a school correct the student's education records that the parent or eligible student believes are inaccurate or misleading.

Parents or eligible students who wish to ask the School to correct a record should write to the School principal [or appropriate school official], clearly identify the part of the record they want corrected, and specify why it should be corrected. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing. After the hearing, if the school still decides not to amend the records, the parent or eligible student has the right to place a statement with the records setting forth his/her view about the contested information.

3. Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education records. However, FERPA permits schools to disclose those records, without consent, to the following parties or under the following conditions,:

- School officials with legitimate educational interest;
- Other schools to which a student is transferring;
- Specified officials for audit or evaluation purposes;
- Appropriate parties in connection with financial aid to a student;
- Organizations conducting certain studies for or on behalf of the school;
- Accrediting organizations;
- To comply with a judicial order or lawfully issued subpoena;
- Appropriate officials in cases of health and safety emergencies; and
- State and local authorities, within a juvenile justice system, pursuant to specific State law.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date of birth, email address, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous public private school attended by the student. However, schools must inform parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. School officials must notify parents and eligible students annually of their rights under FERPA. The actual means of notification is left to the discretion of each school.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Student Privacy Policy Office
U.S. Department of Education
400 Maryland Avenue, SW

CHOOSING YOUR CHILD'S SCHOOL

A Summary of School Attendance Alternatives in California

California law [EC § 48980(h)] requires all school boards to inform each pupil's parents/guardians at the beginning of the school year of the various ways in which they may choose schools for their children to attend other than the ones assigned by school districts. Pupils that attend schools other than those assigned by the districts are referred to as "transfer pupils" throughout this notification. There is one process for choosing a school within the district in which the parents/guardians live (intradistrict transfer), and three separate processes for selecting schools in other districts (interdistrict transfer). The general requirements and limitations of each process are described below.

Choosing a School Within the District in Which Parents/Guardians Live

The law (EC § 35160.5(b) (1)) requires the school board of each district to establish a policy that allows parents/guardians to choose the schools their children will attend, regardless of where the parents/guardians live in the district. The law limits choice within a school district as follows:

- Pupils who live in the attendance area of a school must be given priority to attend that school over pupils who do not live in the school's attendance area.
- In cases in which there are more requests to attend a school than there are openings, the selection process must be "random and unbiased," which generally means pupils must be selected through a lottery process rather than on a first-come, first-served basis. A district cannot use a pupil's academic or athletic performance as a reason to accept or reject a transfer.
- Each district must decide the number of openings at each school which can be filled by transfer pupils. Each district also has the authority to keep appropriate racial and ethnic balances among its schools, meaning that a district can deny a transfer request if it would upset this balance or would leave the district out of compliance with a court-ordered or voluntary desegregation program.
- A district is not required to provide transportation assistance to a pupil that transfers to another school in the district under these provisions.
- If a transfer is denied, a parent/guardian does not have an automatic right to appeal the decision. A district may, however, voluntarily decide to put in place a process for parents/guardians to appeal a decision.

Choosing a School Outside the District in Which Parents/Guardians Live

Parents/guardians have four different options for choosing a school outside the district in which they live. The three options are described below:

1. Interdistrict Transfers

The law (EC §§46600 through 46607) allows two or more school boards to enter into an agreement, for a term of up to five years, for the transfer of one or more pupils between districts. The agreement must specify the terms and conditions for granting or denying transfers. The district in which the parent/guardian lives may issue an individual permit under the terms of the agreement, or district policy, for transfer and for the applicable period of time. The permit is valid upon endorsement by the district of proposed attendance. The law on interdistrict transfers also provides for the following:

- If either district denies a transfer request, a parent/guardian may appeal that decision to the county board of education. There are specified timelines in the law for filing an appeal and for the county board of education to make a decision.
- No district is required to provide transportation to a pupil who transfers into the district.

2. Parental Employment Transfers (Discretionary)

The law (EC §48204(b)) provides that a school district may deem a pupil as having complied with the residency requirements for school attendance if one or both parents/guardians of a pupil are physically employed within the boundaries of the district for a minimum of 10 hours during a school week, or if a pupil lives at their parent/legal guardian's placement of employment outside of the boundaries of their school district of residence for a minimum of 3 days during the school week. A school district is not required to accept a pupil requesting a transfer on this basis, but a pupil may not be rejected on the basis of race, ethnicity, sex, parental income, academic achievement, or any other "arbitrary" consideration. Other provisions of the EC § 48204(b) includes:

- Either the district in which the parent/guardian lives or the district in which the parent/guardian works may prohibit the transfer if it is determined that there would be a negative impact on the district's court-ordered or voluntary desegregation plan.
- The district in which the parent/guardian works may reject a transfer if it determines that the additional cost of educating the pupil would be more than the amount of government funds the district would receive for educating the pupil.
- There are set limits (based on total enrollment) on the net number of pupils that may transfer out of a district in any school year, unless the sending district approves a greater number of transfers.
- There is no required appeal process for a transfer that is denied. However, the district that declines to admit a pupil is encouraged to identify, and communicate in writing to the parent/guardian the specific reasons for denying the transfer.
- Once a pupil is deemed to have complied with the residency requirements for school attendance based on one or both parents or guardians being employed within the

boundaries of the district and the pupil is enrolled in a school in a school district whose boundaries include the location where one or both parents of the pupil is employed, the pupil does not have to reapply in the next school year to attend a school within that school district and the district shall allow the pupil to attend school through the 12th grade in that district if one or both of the pupil's parents or guardians continues to be employed within the attendance boundaries of the school district, subject to certain conditions.

3. Districts of Choice (Discretionary)

The law (EC §§48300 through 48318) allows each school district to become a "**district of choice**" --that is, a district that accepts transfer pupils from outside the district under the terms of a resolution. A school board that decides to become a "**district of choice**" must determine the number of pupils it is willing to accept in this category each year and make sure that the pupils are selected through a "random and unbiased" process, which generally means a lottery process. Pupils may request transfers into a "**district of choice**" by January 1 of the prior school year.. Other provisions include:

- Either the district of choice or the district of residence may deny a transfer if it will negatively affect the racial and ethnic balance of the district, or a court-ordered or voluntary desegregation plan. The district of residency may also limit the total number of pupils transferring out of the district each year to a specified percentage of its total enrollment, depending on the size of the district.
- The district of choice may not prohibit a transfer based on the additional cost of educating the pupil but may prohibit a transfer if it would require the district to create a new program, except that a school district of choice shall not reject the transfer of a special needs pupil and an English learner.
- No pupil who currently attends a school or lives within the attendance area of a school can be forced out of that school to make room for a pupil transferring under these provisions.
- Siblings of pupils already attending school in the "**district of choice**" must be given transfer priority. Children of military personnel may also be given priority.
- A parent/guardian may request transportation assistance within the boundaries of the "**district of choice.**" The district may provide transportation only to the extent it already does so.

The above summary of the attendance alternatives available to parents/guardians and their children is intended to provide them with an overview of the laws applying to each alternative. Any parents/guardians, who are interested in securing more information about these options, districts' policies or procedures, and timelines for applying for transfers, should contact their own school district, or the district they may be thinking about transferring into.

NOTICE OF ALTERNATIVE SCHOOLS
California Education Code Section 58501

The following notice must be sent along with the Notification to Parents and Guardians required by EC § 48980. Further, a copy shall be posted in at least two places normally visible to pupils, teachers, and visiting parents in each attendance unit for the entire month of March in each year.

California state law authorizes all school districts to provide for alternative schools. Section 58500 of the Education Code defines alternative school as a school or separate class group within a school which is operated in a manner designed to:

- (a) Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy.
- (b) Recognize that the best learning takes place when the student learns because of his/her desire to learn.
- (c) Maintain a learning situation maximizing student self-motivation and encouraging the student in his/her own time to follow his/her own interests. These interests may be conceived by him/her totally and independently or may result in whole or part from a presentation by his/her teachers of choices of learning projects.
- (d) Maximize the opportunity for teachers, parents, and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process.
- (e) Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal's office in each attendance unit have copies of the law available for your information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district.

Type 2 Diabetes Information

Pursuant to California *Education Code* Section 49452.7, this type 2 diabetes information is for local educational agencies to provide to parents and guardians of incoming seventh grade students beginning July 1, 2010.

The California Department of Education developed this type 2 diabetes information in collaboration with the California Department of Public Health, American Diabetes Association, California School Nurses Organization, and Children's Hospital of Orange County. Also see available translations of this information.

Description

Type 2 diabetes is the most common form of diabetes in adults.

Until a few years ago, type 2 diabetes was rare in children, but it is becoming more common, especially for overweight teens.

According to the U.S. Centers for Disease Control and Prevention (CDC), one in three American children born after 2000 will develop type 2 diabetes in his or her lifetime.

Type 2 diabetes affects the way the body is able to use sugar (glucose) for energy.

The body turns the carbohydrates in food into glucose, the basic fuel for the body's cells.

The pancreas makes insulin, a hormone that moves glucose from the blood to the cells.

In type 2 diabetes, the body's cells resist the effects of insulin, and blood glucose levels rise.

Over time, glucose reaches dangerously high levels in the blood, which is called hyperglycemia.

Hyperglycemia can lead to health problems like heart disease, blindness, and kidney failure.

Risk Factors Associated with Type 2 Diabetes

It is recommended that students displaying or possibly experiencing the risk factors and warning signs associated with type 2 diabetes be screened (tested) for the disease.

Risk Factors

Researchers do not completely understand why some people develop type 2 diabetes and others do not; however, the following risk factors are associated with an increased risk of type 2 diabetes in children:

Being overweight. The single greatest risk factor for type 2 diabetes in children is excess weight. In the U.S., almost one out of every five children is overweight. The chances are more than double that an overweight child will develop diabetes.

Family history of diabetes. Many affected children and youth have at least one parent with diabetes or have a significant family history of the disease.

Inactivity. Being inactive further reduces the body's ability to respond to insulin.

Specific racial/ethnic groups. Native Americans, African Americans, Hispanics/Latinos, or Asian/Pacific Islanders are more prone than other ethnic groups to develop type 2 diabetes.

Puberty. Young people in puberty are more likely to develop type 2 diabetes than younger children, probably because of normal rises in hormone levels that can cause insulin resistance during this stage of rapid growth and physical development.

Warning Signs and Symptoms Associated with Type 2 Diabetes

Warning signs and symptoms of type 2 diabetes in children develop slowly, and initially there may be no symptoms. However, not everyone with insulin resistance or type 2 diabetes develops these warning signs, and not everyone who has these symptoms necessarily has type 2 diabetes.

Increased hunger, even after eating

Unexplained weight loss

Increased thirst, dry mouth, and frequent urination

Feeling very tired

Blurred vision

Slow healing of sores or cuts

Dark velvety or ridged patches of skin, especially on the back of the neck or under the arms

Irregular periods, no periods, and/or excess facial and body hair growth in girls

High blood pressure or abnormal blood fats levels

Type 2 Diabetes Prevention Methods and Treatments

Healthy lifestyle choices can help prevent and treat type 2 diabetes. Even with a family history of diabetes, eating healthy foods in the correct amounts and exercising regularly can help children achieve or maintain a normal weight and normal blood glucose levels.

Eat healthy foods. Make wise food choices. Eat foods low in fat and calories.

Get more physical activity. Increase physical activity to at least 60 minutes every day.

Take medication. If diet and exercise are not enough to control the disease, it may be necessary to treat type 2 diabetes with medication.

The first step in treating type 2 diabetes is to visit a doctor. A doctor can determine if a child is overweight based on the child's age, weight, and height. A doctor can also request tests of a child's blood glucose to see if the child has diabetes or pre-diabetes (a condition which may lead to type 2 diabetes).

Types of Diabetes Screening Tests That Are Available

Glycated hemoglobin (A1C) test. A blood test measures the average blood sugar level over two to three months. An A1C level of 6.5 percent or higher on two separate tests indicates diabetes.

Random (non-fasting) blood sugar test. A blood sample is taken at a random time. A random blood sugar level of 200 milligrams per deciliter (mg/dL) or higher suggests diabetes. This test must be confirmed with a fasting blood glucose test.

Fasting blood sugar test. A blood sample is taken after an overnight fast. A fasting blood sugar level less than 100 mg/dL is normal. A level of 100 to 125 mg/dL is considered pre-diabetes. A level of 126 mg/dL or higher on two separate tests indicates diabetes.

Oral glucose tolerance test. A test measuring the fasting blood sugar level after an overnight fast with periodic testing for the next several hours after drinking a sugary liquid. A reading of more than 200 mg/dL after two hours indicates diabetes.

Type 2 diabetes in children is a preventable/treatable disease and the guidance provided in this information sheet is intended to raise awareness about this disease. Contact your student's school nurse, school administrator, or health care provider if you have questions.

Know Your Educational Rights

Your Child has the Right to a Free Public Education

- All children in the United States have a Constitutional right to equal access to free public education, regardless of immigration status and regardless of the immigration status of the students' parents or guardians.
- In California:
 - All children have the right to a free public education.
 - All children ages 6 to 18 years must be enrolled in school.
 - All students and staff have the right to attend safe, secure, and peaceful schools.
 - All students have a right to be in a public school learning environment free from discrimination, harassment, bullying, violence, and intimidation.
 - All students have equal opportunity to participate in any program or activity offered by the school, and cannot be discriminated against based on their race, nationality, gender, religion, or immigration status, among other characteristics.

Information Required for School Enrollment

- When enrolling a child, schools must accept a variety of documents from the student's parent or guardian to demonstrate proof of child's age or residency.
- You never have to provide information about citizenship/immigration status to have your child enrolled in school. Also, you never have to provide a Social Security number to have your child enrolled in school.

Confidentiality of Personal Information

- Federal and state laws protect student education records and personal information. These laws generally require that schools get written consent from parents or guardians before releasing student information, unless the release of information is for educational purposes, is already public, or is in response to a court order or subpoena.
- Some schools collect and provide publicly basic student "directory information." If they do, then each year, your child's school district must provide parents/guardians with written notice of the school's directory information policy, and let you know of your option to refuse release of your child's information in the directory.

Family Safety Plans if You Are Detained or Deported

- You have the option to provide your child's school with emergency contact information, including the information of secondary contacts, to identify a trusted adult guardian who can care for your child in the event you are detained or deported. You have the option to complete a Caregiver's Authorization Affidavit or a Petition for Appointment of Temporary Guardian of the Person, which may enable a trusted adult the authority to make educational and medical decisions for your child.

Right to File a Complaint

- Your child has the right to report a hate crime or file a complaint to the school district if he or she is discriminated against, harassed, intimidated, or bullied on the basis of his or her actual or perceived nationality, ethnicity, or immigration status.

COMMUNITY RELATIONS/CIVILITY AND RESPECT

The Board of Trustees is committed to a learning environment that fosters mutual respect among District staff members, parents, and students.

This policy is intended to promote mutual respect, civility, and orderly conduct among all staff members, parents, and students of the District. It is required that all staff members conduct themselves in a professional manner and treat parents and members of the general public with dignity and respect, and expect the same in return.

This policy is not intended to deprive any person of their right to freedom of expression, but only to maintain, to the extent possible and reasonable, a safe, harassment-free environment.

Presenting a positive and professional demeanor to the students and community is expected by all District staff members. Volatile, hostile, or aggressive actions are discouraged and considered unacceptable behavior.

The Superintendent/designee shall develop regulations to implement this policy.

Policy adopted: January 12, 2010

COMMUNITY RELATIONS/CIVILITY AND RESPECT

LEARNING ENVIRONMENT/DISRUPTIONS

The Board of Trustees is committed to maintaining a learning and working environment that fosters mutual respect among District staff members, parents, and students. The following regulations have been developed to address disruption or damage to the educational or working environment by individuals who disrupt/damage the educational and working environment through insulting, volatile, hostile, or aggressive actions:

Disruptions:

1. Any individual who disrupts or threatens to disrupt school/office operations; threatens the health and safety of students or staff members; willfully causes property damage; uses loud and/or offensive language which could provoke a defensive, threatening, or violent reaction; attempts to intimidate; or who has otherwise established a continued pattern of unauthorized entry on school District property, will be directed to leave school or school District property promptly by the Superintendent or designee.
2. If any staff member or member of the public uses obscenities or speaks in a demanding, loud, insulting, and/or demeaning manner, the administrator or staff member to whom the remarks are directed will calmly and politely request a reasonable (or calmer) conversation. If corrective action is not taken by the abusing party, the District staff member will verbally notify the abusing party that the meeting, conference, or telephone

conversation is terminated and, if the meeting or conference is on District premises, the offending person will be directed to leave promptly by the Superintendent or designee.

3. When an individual is directed to leave under such paragraph 1 or 2 circumstances, the Superintendent or designee shall inform the person that he/she is in violation of the California Education Code, and that criminal charges will be filed in accordance with California Education Code 44811 and Penal Codes 415.5 and 626.7, if he/she re-enters any District facility within 30 days after being directed to leave, or within seven days if the person is a parent/guardian of a student attending that school.

If an individual refuses to leave upon request or returns before the applicable period of time, the Superintendent or designee may notify law enforcement officials. A Civility/Respect Incident Report (See attachments) should be completed for the situations as set forth in paragraphs 1 and 2.

4. If any individual abuses the privilege of communicating via electronic mail, the Superintendent or designee may revoke that privilege. Abuses are enumerated in paragraphs 1 and 2 previously, but also include inappropriate use of the "copy to:" feature, excessive size, or frequency of email.

In the event the Superintendent or designee concludes that an individual has abused the privilege of communicating via electronic mail, he/she will inform the party in writing that all future communication will take place in writing transmitted via the United States Postal Service. As an alternative or in addition, the Superintendent or designee may, at his/her discretion, arrange a face-to-face meeting to discuss the party's concerns.

5. If violence is directed against a staff member, or theft against property, the staff member shall promptly report the occurrence to the Principal or supervisor and complete a Civility/Respect Incident Report. Staff members and supervisors should notify law enforcement officials and report any attack, assault, or threat made against them on school/District premises or at school/District-sponsored activities

Appeal Procedure

Any person who is asked to leave a public school building or grounds may appeal to the Superintendent or designee. This appeal shall be made no later than the second school day after the person has been directed to leave the school building or grounds. The Superintendent or designee shall render his/her decision within two working days after the appeal is made.

The decision of the Superintendent or designee may be appealed to the Board of Trustees. Such an appeal shall be made no later than the second school day after the Superintendent or designee has rendered his/her decision. The Board shall consider and decide the appeal at its next scheduled regular or adjourned regular public meeting. The Board's decision shall be final.

Notification Procedure

The Superintendent or designee will be responsible for making students, parents, and staff members aware of District policy that promotes mutual respect including provisions for dealing with disruptions.

If it is determined that a member of the public is in violation of the provisions of this policy, the individual should be informed of the applicable Education Code and Board Policy provisions at the time of the occurrence and the staff member must notify his/her supervisor as soon as possible and complete a Civility/Respect Incident Report (see attachments).

PRESCRIPTION OPIOIDS: WHAT YOU NEED TO KNOW

Prescription opioids can be used to help relieve moderate-to-severe pain and are often prescribed following a surgery or injury, or for certain health conditions. These medications can be an important part of treatment but also come with serious risks. It is important to work with your health care provider to make sure you are getting the safest, most effective care.

WHAT ARE THE RISKS AND SIDE EFFECTS OF OPIOID USE?

Prescription opioids carry serious risks of addiction and overdose, especially with prolonged use. An opioid overdose, often marked by slowed breathing, can cause sudden death. The use of prescription opioids can have a number of side effects as well, even when taken as directed:

- Tolerance—meaning you might need to take more of a medication for the same pain relief
- Physical dependence—meaning you have symptoms of withdrawal when a medication is stopped
- Increased sensitivity to pain
- Constipation
- Nausea, vomiting, and dry mouth
- Sleepiness and dizziness
- Confusion
- Depression
- Low levels of testosterone that can result in lower sex drive, energy, and strength
- Itching and sweating

* Findings from one study

RISKS ARE GREATER WITH:

- History of drug misuse, substance use disorder, or overdose
- Mental health conditions (such as depression or anxiety)
- Sleep apnea
- Older age (65 years or older)
- Pregnancy

Avoid alcohol while taking prescription opioids. Also, unless specifically advised by your health care provider, medications to avoid include:

- Benzodiazepines (such as Xanax or Valium)
- Muscle relaxants (such as Soma or Flexeril)
- Hypnotics (such as Ambien or Lunesta)
- Other prescription opioids

KNOW YOUR OPTIONS

Talk to your health care provider about ways to manage your pain that don't involve prescription opioids. Some of these options **may actually work better** and have fewer risks and side effects. Options may include:

- ❑ Pain relievers such as acetaminophen, ibuprofen, and naproxen
- ❑ Some medications that are also used for depression or seizures
- ❑ Physical therapy and exercise
- ❑ Cognitive behavioral therapy, a psychological, goal-directed approach, in which patients learn how to modify physical, behavioral, and emotional triggers of pain and stress.

Be Informed!

Make sure you know the name of your medication, how much and how often to take it, and its potential risks & side effects.

IF YOU ARE PRESCRIBED OPIOIDS FOR PAIN:

- ❑ Never take opioids in greater amounts or more often than prescribed.
- ❑ Follow up with your primary health care provider within ___ days.
 - Work together to create a plan on how to manage your pain.
 - Talk about ways to help manage your pain that don't involve prescription opioids.
 - Talk about any and all concerns and side effects.
- ❑ Help prevent misuse and abuse.
 - Never sell or share prescription opioids.
 - Never use another person's prescription opioids.
- ❑ Store prescription opioids in a secure place and out of reach of others (this may include visitors, children, friends, and family).
- ❑ Safely dispose of unused prescription opioids: Find your community drug take-back program or your pharmacy mail-back program, or flush them down the toilet, following guidance from the Food and Drug Administration (www.fda.gov/Drugs/ResourcesForYou).
- ❑ Visit www.cdc.gov/drugoverdose to learn about the risks of opioid abuse and overdose.
- ❑ If you believe you may be struggling with addiction, tell your health care provider and ask for guidance or call SAMHSA's National Helpline at 1-800-662-HELP.
