- Hey Raiders! It might seem a bit quieter around campus today. That's because over 100 students took a pledge to be silent today to call attention to the silencing effect of bullying. Show your respect for these activists by giving them the thumbs up when you see someone with a badge on their lanyard identifying them as silent, and also by respecting their choice to be silent. Teachers, check your email for tips on how to accommodate this event today. Everyone is welcome to join us during the second half of lunch today in room 311 to break the silence and share our experiences.
