

# Afterschool Meal Pickup

Mar 3 - 28, 2025

To accommodate different schedules and needs, students who would like to pick up their Breakfast & Lunch at the end of the day, may do so at the end of each school day throughout the month of March. This is made possible by a waiver issued by the California Dept. of Education (CDE) that will remain in effect from Mar 3 - 28. Students wishing to utilize this option, can sign up at the Cafeteria or online (QR code below) and meals will be distributed only to students in attendance at the school. For meal program integrity, students may only receive Breakfast & Lunch one time during a school day.
