March 25, 2021

Dear FJUHS Community,

The Fullerton Joint Union High School District believes that discrimination, hate, racism, racial injustice and violence have no place in our society. We are deeply saddened by and condemn the violence, abuse and hate that has been directed toward the Asian American and Pacific Islander communities.

The increase in violence and discrimination targeting people of Asian descent is an important reminder of the continued work needed to make sure our community is safe and inclusive for all people. We know events like these can impact the physical and mental well-being of our students, staff and families. We encourage you to connect with your friends and family and support each other and seek help as it is needed.

Whatever you or your family are experiencing, we want you to know that you are not alone and that support is available at school and in our community. The District has partnered with Care Solace to support our community's mental health. Care Solace can help you quickly find providers or programs matched to your needs regardless of circumstances and can support you in any language. Their support is completely confidential and free to FJUHS students, staff and their families. If you would like to use Care Solace, please call (888) 515-0595 or visit their website at [Care Solace](#).

FJUHS is committed to maintaining a safe and positive school environment where all students, staff, parents, guardians and community members are treated with respect and dignity. This is integral to the success of the District's vision, mission and goals of providing the highest quality educational experience we can envision.

Sincerely,

Scott Scambray, Ed.D.  
Superintendent
