

## **Troy High School Course Profile**

**Course Title:** Advanced Placement (AP) Economics

**Course Prerequisites:** Please Refer to Registration Presentation

**Course Description:** AP Macroeconomics is an introductory college-level course that focuses on the principles that apply to an economic system as a whole. The course places particular emphasis on the study of national income and price-level determination; it also develops students' familiarity with economic performance measures, the financial sector, stabilization policies, economic growth, and international economics. Students learn to use graphs, charts, and data to analyze, describe, and explain economic concepts.

Students entering this course should already have a mastery of the following concepts and possess the following skills:

- There are no prerequisite courses, but students should be able to read and comprehend college-level texts and should possess basic arithmetic and graphing skills.
