Once the school year starts, students may **only** request to **drop down in course levels** if space is available or to **drop an additional class**. Students in grades 9-11 must be enrolled in a minimum of 6 classes and students in grade 12 must be enrolled in a minimum of 5 classes.

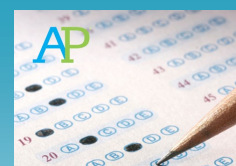

Counselor Welcome Message

The Troy Counseling Department looks forward to working with students and families for the 2020-2021 school year! High school counselors assist students with academic planning, social/emotional health, as well as college/career planning. Every student is assigned a counselor to work with during their high school career. 10-12 grade students will remain with their counselor, 9th graders will be assigned a counselor before school starts. Counselor caseloads will be posted to the counseling section of the Troy High School website in the coming weeks.
