FULLERTON JOINT UNION HIGH SCHOOL DISTRICT District Releases Initial Project List for Bond Facilities Projects

On November 4, 2014, voters of the Fullerton Joint Union High School District (District) approved Measure I. Measure I authorized the District to issue \$175 million in general obligation bonds at a maximum property tax rate of \$19 per \$100,000 of assessed property value. The first series of bonds were sold in October and the District is now moving forward with facilities improvement projects.

Measure I provides that funds received from the sale of the bonds shall be expended only on the specific high school improvement projects listed in the measure, including upgrading and constructing career technical education facilities, visual and performing arts facilities and science labs; upgrading classrooms, libraries, kitchens, cafeterias and administrative and support facilities; upgrading and constructing aquatics facilities, gymnasiums, tracks, sports fields, tennis courts and baseball/softball fields; upgrading network infrastructure; replacing roofing; upgrading HVAC, plumbing, electrical and lighting systems; improving disability access; improving energy efficiency; upgrading security and safety systems; and upgrading landscaping and hardscapes.

The measure provides that a Citizens' Bond Oversight Committee (CBOC) be established to ensure that bond proceeds are properly expended. In addition to CBOC oversight, annual performance and financial audits will be conducted. The measure further provides that bond proceeds will not be used for teacher or administrator salaries or other school operating expenses.

The first phase of projects (by school) will be:

Buena Park High School

New Stadium
