Evaluating Websites

Authority: It is clear who is responsible for the contents of this site
- The author is clearly listed or it is a government or educational site by a known authority
- You were linked to this site from a trusted site

Accuracy: The site contains carefully edited, verifiable information
- Sources are listed so that they can be verified
- The site is free of spelling and grammatical errors

Objectivity: The main purpose of the site is not to sell something or promote the author’s point of view
- Any advertising is clearly differentiated from the information content of the site
- There is a statement of purpose and any sponsorship is clearly stated

Currency: The site contains appropriately current information
- The date the site was created or most recently updated is clearly displayed
- The site contains few or no “dead” links

Coverage: The site contains a sufficient amount of information to make its use worthwhile
- The site is complete and not under construction, the information seems complete
- There is more to the site than what is common knowledge. The content will be useful to me in my research.
