

Our school is using Aeries Communications powered by ParentSquare!

Aeries Communications powered by ParentSquare is a parent engagement tool that helps teachers and staff easily communicate and collaborate with parents. Already set up for your classrooms, you can start using Aeries Communications powered by ParentSquare right away to send messages to your families.

Accessing Aeries Communications powered by ParentSquare

Check your inbox for an email from ParentSquare, and click the link in the email to activate your account.

Aeries Communications powered by ParentSquare can be accessed by Single Sign On (SSO) through the Aeries portal, downloading the free iOS or Android app, or on the web at **www.parentsquare.com**.

**Higher Teacher-Parent Interaction
= Student Success**

Tips for Using Aeries Communications powered by ParentSquare

- Start by clicking the 'New Post' button to send any message to your class/grade. Send plain messages, events, or share pictures and files.
- On the 'New Post' page, use the language translation option to deliver messages in parents' preferred language.
- Click 'Delivery Stats' to make sure your post reached every single student family in your class. If a parent does not have an email address, they are automatically sent a text. Parents can also download the app.
