Jacob Carlisle

Motion to approve: Mario Rizo

Second: Joel Carlisle

Minutes approved.

3. Principal's Update

Matt Eeles

Coming to the end of 1st quarter quickly. November 1 is a non-student day this year and a professional development day for our staff. Overall, the year is moving quickly. Pool coming along and we are looking for further campus enhancements. Athletically, we are well into league play with our sports. Highlanders doing well in the league overall. The first play of the year opened last night, "Night of the Living Dead," in the round. Homecoming coming up on October 29 and 30 including assembly, game, and dance outdoors. Dance permits have been an issue due to permits not being used by all sites but will be revisited before the future dances. October 13 will be a Late Start for students including staff meetings and PSAT beginning prior to the start of school at 9:40 for Period 1 (8:55 for 0 Period). ASB held a successful Club Rush this past month as well to help get students involved as well.

4. [21/22 SPSA](#)

Craig Weinreich

Please look over the 21/22 SPSA draft between now and our next meeting on November 3. Due to a lack of data from the last couple of school years, the SPSA is very similar to previous school years but please look over the school descriptions, data, goals, and strategies. At our next meeting, we want to discuss these during the next meeting. Please contact Mr. Weinreich with any questions, concerns, or potential additions to the document. Next meeting we will work to approve the document and then continue to address any potential changes or additions as the year goes on.

5. Additional Agenda Items

Jacob Carlisle

Joel Carlisle brought up the issue of skateboarding taking place on campus after school hours and student safety. Mr. Eeles spoke about how the administration is working closely with LHPD to try and curb these activities as much as possible.

Motion to adjourn the meeting: Matt Fritter

Second: Mary Zaky

Adjourned at 3:44 pm.
